

## What Our Students Have to Say

“I enjoy actually knowing everyone on a personal level, knowing what they like, who they are, what they do, and what they want to do rather than only knowing what they look like. I also enjoy knowing that everyone around me lives for the same single reason and we all have the same eternal goal.”

***-Logan Dewey, Class of 2017***

“There has never been a moment in my four years that I have not felt like I am at home. This school has prepared me tremendously for my life both spiritually and mentally. Having a chapel and spiritually intelligent teachers available to me 24/7, has allowed me to grow closer to God and become the Catholic I have always wanted to be.”

***-Julia Nelson, Class of 2017***

“Everyone of the teachers and faculty is very welcoming and loving to every student. As a school we always go to church together; there are many different opportunities set aside to go to Mass, receive confession, and simply pray in the chapel. Everyone celebrates together and does everything together and we are all one big happy family.”

***-Maddie Malinowski, Class of 2017***

“I am able to grow both in faith and academics with other students who share the same goal as me: to strengthen my relationship with God while receiving a well-rounded education that will prepare me for life and college.”

***-Claire Swanson, Class of 2018***

“The Central Catholic academic faith brings me toward my purpose and leads me to my vocation. With my Central Catholic Saints Family by my side, God has never seemed closer.”

***-Kailey Scott, Class of 2018***

“I am the first person in my family to attend Central Catholic, but I look around my classes and see many of my classmates have had parent and grandparents come through as well. Where you send your kids is a big decision, and I think it shows a lot that so many families have sent their kids and grandkids to this school.”

***-Thomas Smith, Class of 2018***

## What Our Students Have to Say *(continued)*

“Ever since I was a little kid, Central Catholic has been a big part of my life. I get to experience being part of a family and you can’t always feel that way at other schools. Being able to talk about my faith with my friends and classmates has truly helped to shape me into a better person and central is the reason for that.”

***-Bailey Coffman, Class of 2019***

“At Central Catholic, we are all a part of a family that makes us this great community. Everyone here gets along and it feels good to know that you always have people there to support you.”

***-Kaitlyn Klepec, Class of 2019***

“It’s an advanced environment compared to that of surrounding schools, I feel that we do a little extra with just about everything. It’s a more hands on experience and I feel like you have an advantage when you’re in the Saints Family.”

***-Jacob Croke, Class of 2019***

“Being a part of the Central Catholic family means I will grow in my spiritual life through prayer, become academically prepared for college and beyond, and meet new people who will become friends for my whole life.”

***-Dillon Manness, Class of 2019***

“It means more than education. It means faith and family. Central Catholic is not only somewhere you can go to receive the best education a parent would want for their kid, it is a place where every person you see is like your brother or sister. It is a place where your teachers are like your best friends. Most importantly, it is a place where your connection with God only grows stronger.”

***-Meghan Sheehan, Class of 2019***

“To be a part of a welcoming family, knowing you can ask anyone in the school a question, and they will be nice and help you. It is also nice knowing you can go into the Chapel at any time. I like Central because everyone is nice, and I get to experience things spiritually with my friends. It really does feel like a big family.”

***-Ashley Miller, Class of 2019***

“It means being in a catholic environment surrounded by friends and faculty that help and support you in your faith, academics, and social life. Students learn many skills, even beyond the classroom, that will help them later in life. Also, we are always open to Christ and his wondrous works, and can always visit him in the chapel.”

***-Zach Tomerlin, Class of 2019***

“I love being a part of a school that lets me freely express my love for our faith and knowing I won't be judged for it because I'm surrounded by people who have just as much enthusiasm for Jesus as I do.”

***-Katherine Rossi, Class of 2019***
